Judging Panel,
House Design Contest
Cape Cod Young Professionals
P.O. Box 634
Barnstable, MA 02630

To the Judging Panel,

I am very excited to submit an entry for the CCYP House Design Contest. My submission is for the 800 square foot house (accessory dwelling unit) which I have named the Loft House in recognition of its open plan and flexible configurations. While working on the design, a two bedroom version and a three bedroom version almost drew themselves on the drawing board so I have included those plans in my entry.

The design of the house, its spaces and the building materials are explained in the commentary on the 24" x 36" sheet. In addition you have asked for a proposal to complete the working drawings for the house.

I would be able to complete the working drawings of the 800 square foot Loft House for a fee of \$10,000 plus any engineering expenses within one month of the signing of a contract between me and CCYP.

I look forward to your CCYP Back to Business Bash later this month and to your announcement of the contest winners in October. If you have any questions feel free to call or email.

Sincerely,

A handwritten signature in black ink that reads "Geoffrey White". The signature is written in a cursive, flowing style with a large initial 'G'.
